

## Motion Control Products Ltd UK REACH Statement

Motion Control Products, as a producer of 'articles' is committed to meet all regulations associated with UK REACH regulations. The UK REACH and EU REACH regulations operate independently and Motion Control Products comply with both regulations.

UK REACH requires companies to register any imports or use in manufacture of one tonne or more of any substance listed each year by the UK Government and the Health & Safety Executive <https://www.hse.gov.uk/reach/candidate-list.htmto>.

Based on the material content of certifications provided by our suppliers, no substances in the current list are present in the products we supply or the packing and shipping materials we use.

We as a **Manufacturer** do not produce or extract substances either through chemical synthesis, smelting or extraction.

We as an **Importer** do not bring chemical substances into GB from either the EU/EEA or NI or from the rest of the world.

We are not a **'Downstream User'** – either companies or individuals who directly handle chemical substances in the course of our business activities

To our best knowledge, and based on the information from our suppliers, the concentration of Substances of very high concern in our products does not exceed the thresholds advised.

Motion Control Products Ltd will continue to comply with UK REACH requirements and notify customers of any changes in content when they become aware.
